Newquay is the pride of the spectacular Atlantic Coast and has a string of magnificent golden beaches and offers a warm welcome that is very much part of the Cornish tradition. The picturesque Old Harbour is a delight to explore and the busy town centre, Trenance Gardens and many traditional seaside activities ensure that there is always something to see and do. And as an added bonus we have included a visit to the world famous Eden Project.

### EXCURSIONS

**FULL DAY:** An excursion to the impressive Eden Project (admission included). Built as a global garden, it tells the story of man's developing relationship with, and dependence on, plants. The project creates three of the world's climatic zones - our own temperate climate outside and inside, giant 'covered biome' conservatories for the humid and warm regions.

**HALF DAY:** We drive to England's most westerly point, Land's End, where rocky cliffs tower above the sea, with plenty of time to explore at leisure.

**HALF DAY:** This morning we take the coastal route, via the breathtaking scenery of Bedruthan Steps, to Padstow, an historic fishing port on the edge of King Arthur's country and renowned today as much for its pretty quayside as its association with celebrity chef Rick Stein. Heading to the southern Cornish coast we come to Mevagissey, an ancient fishing port with narrow streets and a picture-postcard harbour.
